REQUEST FOR SECOND CERTIFICATE OF CORRECTION OF PATENT

It is noted that errors appear in this patent of a typographical nature or character, as more fully described below. It occurred in good faith. Correction thereof does not involve such changes in the patent as would constitute new matter or would require re-examination.

Attached hereto, in duplicate, is Form PTO-1050, with at least one copy being suitable for printing.

The exact page and line number where the error occurs in the application file are:

In the list of inventors under (75), an error appeared in the last name of the spelling of the second listed inventor. The inventor's last name should be Hiroshi Nakata, not Hiroshi Nagata as printed on the patent. The Patent Office records will show the correct spelling as presented in the Declaration, Assignment and other documents on file in the Patent Office. (See enclosed Filing Receipt)

We believe there are no fees due with the filing of this second Request for a Certificate of Correction since it was a printer's error. If the Patent Office determines otherwise, it is hereby authorized and respectfully requested that any fees due be charged to our Deposit Account 50-0852.

Please send the Certificate to:
